Standard Features

Software	SMART Board™ software and Notebook™ software. Free software upgrades are available at www.smarttech.com/support/software/index.asp . NOTE: Although the latest versions of SMART Board software and Notebook software work with the Windows® 98 and Windows NT 4.0 (SP6) operating systems, the Airliner wireless slate requires the Windows 2000 or Windows XP operating system. As well, SMART Board software and Notebook software work with several versions of the Mac OS X operating system, but the Airliner wireless slate requires Mac OS X version 10.3.3 or later.
Communication Interface	Bluetooth™ wireless technology using HID protocol
Electromagnetic Technology	Allows you to rest your hand and write naturally on the transparent overlay, without interfering with the electronic ink
Maximum Report Rate	100 points per second
Coordinate Resolution	2032 lpi (80 lpmm)
Bluetooth Adapter	Class 2 adaptor allows wireless connectivity with an expected range of 52' (15.9 m) and a maximum range in free space of 164' (50.0 m)
Underlay and Icon Strip	Allows you to switch between the eraser, electronic ink colors (black, blue, red and green), right-mouse click, floating keyboard, screen capture and Control Panel
Anti-Slip Feet	Four anti-slip rubber feet keep the Airliner wireless slate stable when working on flat surfaces
Buttons	Two programmable buttons default to launching Floating Tools and Notebook software
Pen	Battery-free tethered pen +/- 0.5 mm accuracy with an average reading height of 5 mm
Mouse	Battery-free wireless fingerwheel mouse has continuous rotation, 24 notches per revolution
Power Requirements	6V DC, 450 mA from Class 2 power adapter
Power Adapter	Input Voltage: 100V–240V AC, 50 Hz–60 Hz, 0.3 VA Output Voltage: 6V DC, 1.0A
Battery	Rechargeable Lithium Polymer battery with 25–30 hours of life per charge, 3.7V, 1800 mAh
Certifications	CE, FCC
Warranty	Two-year limited warranty
